Internships

Internships have been rolling this semester & keeping some of our students very busy! So far this year we've sent 26 second year students out into the community to work at various businesses. We're always grateful for the businesses that allow our students into their facilities & take the time to educate them in their fields.

THANK YOU!

LACC

Gives Thanks

Every year at Thanksgiving we like to put together a little montage showing what our students & faculty are thankful for. Please click the link below to enjoy our LACC Gives Thanks video for 2022.

Holiday Vendor Fair

This year we held our very first Holiday vendor fair! Several of our programs sold goods hand-made by students. We welcomed public vendors to sell as well. We totaled almost \$3,000 to put directly back into our programs! Thank you to everyone that came and spent their morning with us. Also a special thank you to our public vendors:

Gail's Garden Things
Kerri's Kakes
Scentsy (Andrea Highland)
Shooting Stars
Unlimited Weaver's Club
The Write Stuff

Welding Holiday Project

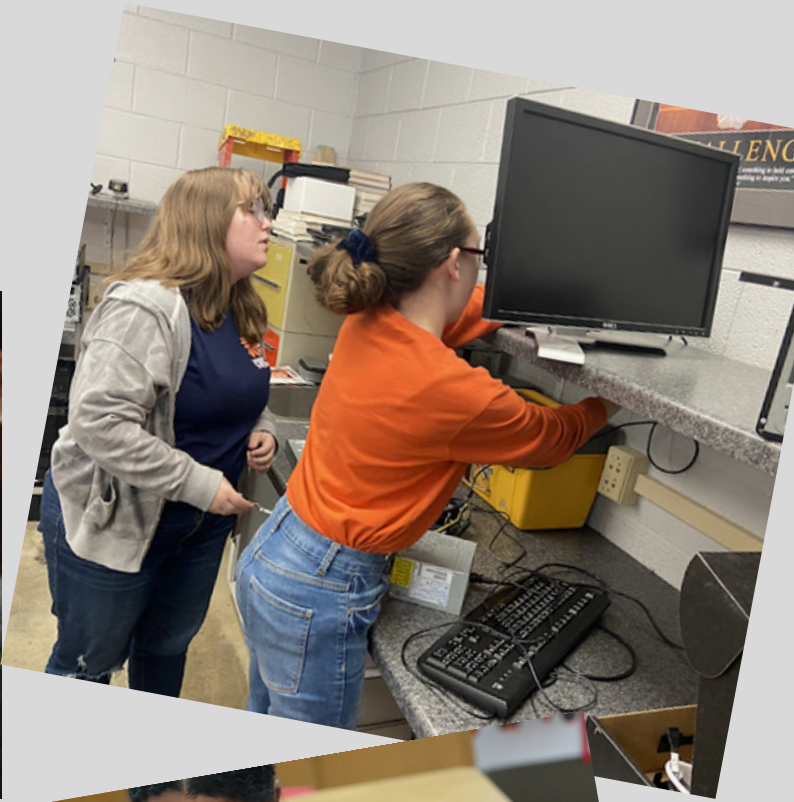

Every holiday season our Welding program creates a sculpture for the City of Pontiac that is revealed at the Christmas light up parade. This year's sculpture was a beautiful snowflake. Make a trip to downtown Pontiac to see this year's sculpture, along with several others from years past!
